Attorney Docket No.: 44500

Commissioner for Patents
Washington, D.C. 20231

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

This Information Disclosure Statement is submitted:

X under 37 CFR 1.97(b), or
(Within three months of filing national application; or date of entry of international application; or before mailing date of first office action on the merits after filing an RCE; whichever occurs last)

— under 37 CFR 1.97(c) together with either a:
— Statement under 37 CFR 1.97(e), or
— a \$180.00 fee under 37 CFR 1.17(p), or
(After the CFR 1.97(b) time period, but before final action or notice of allowance, whichever occurs first)

— under 37 CFR 1.97(d) together with a:
— Statement under 37 CFR 1.97(e), and
— a \$180.00 fee set forth in 37 CFR 1.17(p).
(Filed after final action or notice of allowance, whichever occurs first, but before payment of the issue fee)

X Applicant(s) submit herewith Form PTO 1449-Information Disclosure Citation together with copies, of patents, publications or other information of which applicant(s) have just become aware, which applicant(s) believe(s) may be material to the examination of this application and for which there may be a duty to disclose in accordance with 37 CFR 1.56.

Applicant's attorney, for purposes of preparing an Appeal Brief, was attempting to understand the Examiner's sole cited reference, Klein, U.S. patent 4,224,956. In particular applicant's attorney puzzled over some of Klein's statements in his Background of the Invention section, columns 1 and the top of column 2, even though referred to by the Examiner. Being puzzled by certain of Klein's statements, applicant downloaded Klein's "examples" of some "prior art adjustable mixing valves", namely the five attached patents. Applicant finds the five attached patents relevant. Applicant's, RCE, amendments and arguments take into account these references.

Applicant submits that the above references taken alone or in combination neither anticipate nor render obvious the present invention. Consideration of the foregoing in relation to this application is respectfully requested.

It is requested that the information disclosed herein be made of record in this application.

It is believed that no further request for extension of time or fees are due. Notwithstanding, the Commissioner is authorized to charge any additional fees incurred or credit any overage to Deposit Account No.50-1753 (0110SS-44500). Please regard this as a further request for extension of time to the extent one is needed.

Respectfully submitted,

I hereby certify that this correspondence is being deposited with the United States Postal Service as Express mail in an envelope addressed to: Commissioner for Patents, Washington, D.C. 20231.
